Downtown Miami Hotel Offers Free Business-Friendly Perks

By Smart Travel Insider Dalia Colon

Earlier this month, I went on a [rant](#) about hotels that nickel-and-dime guests with unexpected fees. These pesky expenses can be especially annoying when you're traveling on business. Who wants to pay just to go to work?

So a few days ago, I was delighted to receive this news in my inbox: Not even a year old, the Hampton Inn and Suites Miami Brickell-Downtown is already setting a standard for other hotels to match. The property's always-free business-friendly perks include:

- Wi-fi in common areas and guest rooms. (Remember when most hotels offered free wi-fi? Oh, 2010, how we miss you.)
- Daily newspapers. (Ditto.)
- Metrorail transportation to and from Miami International Airport.
- 24-hour business center.
- Up to two hours free use of board rooms or meeting rooms during your stay.

Standard nightly room rates range from \$149 to \$169. Suites cost \$229 to \$359 per night. Corporate rates are available.

Not even one year old, the Hampton Inn and Suites Miami Brickell-Downtown has already shot to the top spot on [TripAdvisor's Miami listings](#).

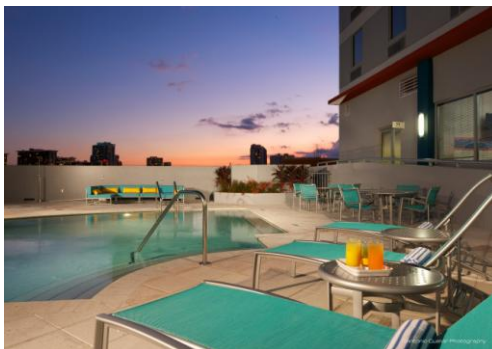

For reservations, call 305-377-9400 or go to [HamptonInnMiamiBrickell.com](#). (Also, check out the deal for Florida residents!)

Another perk: Free hot breakfast daily

Need a meeting room? No problem.

After a long day of meetings and mergers, unwind by the pool.
